## **REPORT**

### **One Day International Online Workshop On “Nanomaterial Synthesis is Emerging Facet of the World” On 20 May 2020**

**Title: One Day International Online Workshop on “Nanomaterial Synthesis is Emerging Facet of the World” On 20 May 2020**

#### **Objectives:**

To aware about latest research in Nanomaterial and different techniques for synthesis of Nanomaterial and also aware about recent trend in field of Nanomaterial synthesis for all research scholar who is doing research in nanotechnology, faculty members and students

#### **Abstract:**

The one day international online workshop on Nanomaterial synthesis is emerging facet of the world was organized by department of chemistry, physics and mathematics on dated 20 May 2020 at 4:00 pm for all research scholar, faculty members and students. Around 1118 members were participated in India and 6 from out of India. The workshop was conducted through zoom app for first 100 participants and remaining participants was joined on live streaming on you tube live.

#### **Main Content:**

The one day international online workshop on Nanomaterial synthesis is emerging facet of the world was conducted on zoom platform and YouTube live on dated 20 May 2020 at 4:00 pm. This workshop was conducted for research scholar, students and faculty to aware about latest research trend in Nanomaterial synthesis. Dr.K.F.Shelke was convener of workshop. Mr.A.D.Badar was Co-ordinator .The workshop technically organized by Mr.P.S.Phatak, Mr.A.R.Jadhao and Mr. N.B.Umbarkar. The workshop anchoring was done by Mr.J.A.Borse Co-convener. The welcome speech was given by Dr.K.F.Shelke. The keynote address was delivered by Dr.M.K.Patil Assistant Professor, department of chemistry, Dr.B.A.M.U. Sub campus Osmanabad. He said about

importance of research in life. The valuable message was delivered to participants by Dr. Anand Aswar Professor & Head department of chemistry. S.G.B.A.University Amravati. There was two resource person. One was Dr.Hemraj M Yadav Guest editor, catalyts (MDPI New York), Assistant Professor, Dongguk University, Seoul. South Korea. He said in his presentation about different techniques for synthesis of Nanomaterial and their application. Therefore he also focused on latest trend in Nanomaterial synthesis. Another resource person Dr. Suryakant B.Sapkal Assistant Professor JNEC Aurangabad has given valuable guidance about research in Nanomaterial synthesis techniques. Around 1118 members were participated from India and 6 members from out of India. After presentation question answering session was successfully conducted. The presidential speech was given by principal Dr.J.B.Devhade.

The vote of thanks was proposed by Mr.A.D.Badar. The all technical tasks were handled by Mr.G.D.Kanade.

### **Outcomes:**

All research scholar, faculties and students had got recent knowledge and valuable information regarding Nanomaterial synthesis and its various techniques.
