Best Practice Report (2019-20)

Eco-friendly Rakhi Making Competition (Skill Oriented Activity) on the occasion of Raksha Bandhan (16th Aug.2019)

Title:

Eco-friendly Rakhi competition as a skill-oriented activity on the occasion of Raksha Bandhan

Objectives:

Eco-friendly Rakhi making competition as a skill-oriented activity to create awareness against the Pollution. Competition conducted on dated 16/08/2019 to create the awareness in all the B.Sc. Botany students about role of plastic, Thermocol and other banned component like animal's body parts.

Context:

To save Environment from pollution, create Awareness about toxic and hazardous material which is usually used in decoration and that has been banned by Indian government, On the basis of that assessment we have celebrated Eco-friendly Rakhi competition as a skill oriented. The Programme was organized by department of Botany. All the arrangement and Programme coordinated by Dr.K.M.Ranjalkar Head of botany department. Our market Rakhi materials are non-degradable so it has causes to create soil pollution. So, it needs to make eco-friendly Rakhi from degradable material to avoid soil pollution.

The Practice:

This competition was held on 16/08/2019, use of plastic, Thermocol and degradable products used in making of Rakhi's, we guided to students for conservation of plants and animals or Nature. While we also encourage all students for use of substitute like cotton fabric, papers, flowers, seeds, fruits or nut shells and spices also. In this competition total 42 students were participated and they are benefited. Encourages such students prepared by best in this activity. Prizes to be given the students first prize Ku. Nikita Linge, second prize goes to Ku. Priyanka Gore and Third prize goes to Kirti Aitwar. Dr.J.B.Devhade was present as Principal/President of this activity. Dr.V.S. Bambode & Ku. P.R.Deshmukh were present as guest. Dr. J.B.Devhade guided to students about importance of eco-friendly Rakhi and he said about how benefited to

our environment The all the botany students, has become responsive and create excellent handmade Rakhi's with Plant material like – Leaf, Flowers, Seeds and Fruits such as spices, Ornamental seeds, Grains, pulses, cotton fabric, woolen and many more decorative things. And they also adapted all needed skills due this activity.

Evidences of Success:

Students demonstrating Rakhi with all associates

Problem Encountered and Resources Required:

The material such as Leaf, Flowers, Seeds and Fruits such as spices, ornamental seeds, grains, pulses, cotton fabric, woolen (Natural degraded products) and many more decorative things had to be collected while making eco-friendly Rakhi. Also, making eco-friendly Rakhi requires a lot of meticulous work and it takes lot of time. This is a competition for students so it has to be examined in details and the examiner has to look very closely details to extract the number of students.
