Problems Encountered and Resources Required:

The material such as Leaf, Flowers, Seeds and Fruits such as spices, ornamental seeds, grains, pulses, cotton fabric, woolen (Natural degraded products) and many more decorative things had to be collected while making eco-friendly Rakhi. Also, making eco-friendly Rakhi requires a lot of meticulous work and it takes lot of time. Due to Covid-19 pandemic all students were participated by online mode and all images of Rakhi had to be submitted online. This is a competition for students so it has to be examined in details and the examiner has to look very closely details to extract the number of students.
