

Best Practice (2018-19)

Meritorious Students Trophy Scheme

Objective:

The main aim of this scheme is to motivate the meritorious students and encourage them for their future academic progress. To get encourage the other students whose academic progress is slow. To improve the students' academic progress. The decision to implement this scheme was taken by president of society Shri. Babaraoji Patil and college principal Dr.J.B.Devhade. The awards and prizes were distributed on the occasion of republic day on dated 26th January of each year.

Abstract:

The Meritorious Student Scheme is a special scheme that inspires the students. And they have confidence their perseverance, aspirations, and fertilizers make them grow. They struggle with the situation and find the strength to make their dreams come true. Recognition through the Meritorious Student Award Scheme helps to chart their academic progress and inspires them for effective performance in higher education and overall progress of the students. On the occasion of 26th January 2019 some cash prizes and certificates were distributed to meritorious students. The programme was conducted in auditorium hall at 11:00 am and coordinated by Mr. K.V.Kokate. The college president Shri.Babaraoji Patil, Secretary Shri.Amit Patil and college principal Dr.J.B.Devhade were present. All the teaching staff, Non-teaching staff along with majority of students were present.

Main Content:

The real wealth of a man is not in money but in his virtues. Therefore, one should be meritorious rather than being rich because meritorious ones are the names of all. The college decided to implement this scheme under the chairmanship of Babarao Patil, the award ceremony of meritorious students is held every year on 26th January, in the auditorium hall of the college. As all the factors contribute to the progress of the college, the feeling is that these students should be felicitated. In various competitions organized by the State and Central Governments, the first, second and third place winners from different classes, different subjects, boys and girls from colleges are honoured and felicitated through this scheme. Institute President Babarao Khadse Patil presided over the program. J.B Devhade, Rambhau Narwade, Mahendra More were present. There are some people and there are some people who are seen, that is, people who are perfect in quality and their thoughts only last, so the examples of Mahatma Gandhi and Abraham Lincoln can be put forward. Babaraoji Patil stated that the peak of success in this competitive world should be achieved only by developing quality for this purpose. Under this scheme, a total of 21 students were given various prizes of Rs.

11917, which were given to the students who had achieved special proficiency in the academic field in the previous session, courtesy of the staff of the college. Besides, Rajesh Kapale and Deepak Thackeray, who came second at the district level in the 'Avishkar' research competition conducted by the university, were felicitated. Competitors from the Department of Sociology and Economics were also honored. Under the Cultural Department, the students participating in the Youth Festival as well as the students participating in the Debate Competition were honored with certificates of National Service Scheme students as well as players who excelled in the field of sports. The Programme Anchored by Dr. Ramesh More and Vote of Thanks Proposed by Pallavi Deshmukh

Outcomes:

- 1) Students love for education is growing and a positive attitude towards education is being formed in their minds
- 2) Through this scheme, an atmosphere of educational transformation is being created in the society
- 3) The honor bestowed on the students through this scheme is giving them an inner energy

Problem Encountered and Resources Required:

Students are working to achieve perfect development. Educated students are important for development. That is why the work of developing such students is seen in colleges. Applauding students on the back, looking at their latent qualities, is what makes them rank. Therefore, it is necessary to look for meritorious students, so it is important to look for such meritorious students first. That is why it was decided to select the meritorious from all the faculty first. The criteria and eligibility for the same were decided and the list was prepared by selecting the meritorious students accordingly. After making this list, the date of meritorious student award distribution program was fixed for the merit of the students. The nature of the award was determined as cash and certificate and the financial provision for it is important. For this, the principal, professors and non-teaching staff of the college were appealed to all the elements and the plan was shaped by the response to this call. The above factors had to be considered while actually shaping the plan. This plan can be fruitful so that education does not stop due to financial problems.
